RATES AS OF January 1st, 2025.

Our regular hourly shop rate for repairs, servicing and discrepancies (including ones found during an inspection) is \$110.00/hr. and \$120/hr. for avionics work (including engine monitor installations) at (KEHO) Shelby NC Airport. Extra charges will apply if travel to a customer airport is required. \*\*See Outside Normal Hour rates below.

Set Aircraft Inspection rates are for Annual, 100 Hr. and phase inspections only. The prices to the left include labor only for changing the oil, replacing/repacking wheel bearings, AD research (unless there are no previous AD records) and the inspection. The set inspection pricing does not include parts, oil, filters, O-rings, compliance of Airworthiness Directives or labor for repairs.

We are NOT responsible for any items left in the aircraft. If items are removable then we ask that you take them with you when leaving your aircraft with us.

**Pre-Buy Inspections:** A Thorough pre-buy inspection will tell you exactly what you are getting into and may give you leverage in negotiating a better price. A proper Pre-purchase inspection is the only way to ensure the airworthiness of an aircraft and to ensure that there are not any underlying maintenance issues. Pre-purchase Inspection Prices are 75% of the listed Annual Inspection Fee. If you purchase the aircraft within 5 days of the completed Pre-purchase Inspection, we will finish the inspection off as an Annual for the remaining 25% of the Annual Inspection fee, plus parts and airworthy items. Our prices shown are based on the hours it actually takes to perform an inspection on the listed aircraft.

Notice: Maintenance on your aircraft is not complete until you receive a dated and signed log entry for the work accomplished. Invoices must be paid in full before your aircraft will be released to you. You have a 5 day grace period after your invoice has been e-mailed to you to pay it in full. After the 5 day grace period you will be charged a 5% late fee and assessed a \$20 per day storage / security fee for your aircraft. We do not guarantee or imply that your aircraft will be stored inside during bad weather.
